

**2013-2014
Annual Audit Plan
1st Quarter Update**

Issued by the
Internal Audit Office
As of November 30, 2013

INTRODUCTION

According to Performance Standards 2020 & 2060 of the *International Standards for the Professional Practice of Internal Auditing* as issued by the Institute of Internal Auditors, the Chief Internal Auditor must report periodically to the Financial and Audit Oversight Committee and Executive Management on the internal audit activity's purpose, authority, responsibility, and performance relative to its plan. The Chief Internal Auditor is also responsible for reporting significant risk exposures, control issues, fraud risks, governance issues, and other matters needed or requested by the Financial and Audit Oversight Committee and Executive Management.

The Chief Internal Auditor is also responsible to communicate the internal audit activity's plans and resource requirements, including significant interim changes, to Executive Management and the Financial and Audit Oversight Committee for review and approval. The Chief Internal Auditor must also communicate the impact of any resource limitations.

Based on this requirement, this Annual Audit Plan update is being provided to the Financial and Audit Oversight Committee. The Chief Internal Auditor will provide an update on the following four critical areas required in the management of an internal audit activity. The four critical areas are:

1. Completed Audits and Projects
2. Pending Audits and Projects
3. Miscellaneous Items affecting the Internal Audit Office's Activity
4. Annual Audit Plan Update

As required by the International Standards for the Professional Practice of Internal Auditing 1110, the City of El Paso's Internal Audit Office continues to maintain its independence by reporting functionally to the Financial and Audit Oversight Committee (FAOC). The FAOC approves the Internal Audit Charter and annual risk-based Audit Plan. The FAOC also receives quarterly updates to the Annual Audit Plan from the Chief Internal Auditor.

In addition as required by International Standard 1320, an assessment is ongoing on demonstrating conformance with the Definition of Internal Auditing, the Code of Ethics, and the International Standards. The assessment began in the 4th Quarter of the 2012-2013 Audit Plan year and should be completed during the 1st Quarter of the 2013-2014 Audit Plan year. We anticipate full conformance with International Standard 1320 since we have successfully passed the External Quality Assurance Assessments in 2007 and 2010.

1st Quarter 2013-2014 Audit Plan Update
As of November 30, 2013

CONCLUSION

The 1st Quarter of the 2013-2014 Audit Plan was another productive quarter for the Internal Audit Office. During the 1st Quarter a total of 5 audits/projects were completed by the staff and 8 audits/projects are in various stages of completion.

The Internal Audit Office staff made a strong effort to complete as many audits and projects as possible during the 1st Quarter. Extra effort was displayed by the staff during this quarter. Continuous monitoring of the Audit Plan will continue until the end of the year.

During the 1st Quarter, a staff Auditor resigned her position. In September 2013, we began the recruitment process to hire a replacement. We expect to have a new Auditor in place by December 2013. This loss will have an overall impact on the completion of this Fiscal Year's Audit Plan.

It continues to be a pleasure serving City Council, the Financial and Audit Oversight Committee, the City Manager, and the Deputy City Managers. The Internal Audit Office staff continues to strive for excellence in meeting our departmental motto, "Exceeding our Client's Expectations."
